

Hello everyone!

As we continue our agricultural stewardship of the historic Newman Farm property in Central Saanich, the Farmlands Trust (Greater Victoria) Society would like to invite you to the following event...

On Saturday May 28, 2016, the FLT Society will be hosting a planting work party at Newman Farm from 10:00 am—1:00 pm.

We are currently seeking volunteers on this day to assist with planting a variety of squash and root vegetables on the farm that will be eventually donated to Our Place Society as part of our “field to plate” initiative for those in need in the Greater Victoria area.

Key activities include digging, planting seeds, spreading soil, putting a protective barrier around the seeds, and placing drip tape on each row for irrigation.

While we have some hand tools available for sharing, please feel free to bring your own spades or shovels for use during the work party.

On or before Tuesday May 24, 2016, please contact farmlandstrust@gmail.com if you are interested in joining us.

Snacks and refreshments will be provided! Let us know if you have any dietary restrictions, food allergies or sensitivities.

Note. please wear sturdy shoes or boots and bring your own gloves. Thanks!

Directions to Newman Farm: Feel free to meet us and park near the Newman Farm access gate on Central Saanich Road, 1/2 km north of Mount Newton Cross Road - look for our signs.

Stay connected with the FLT Society by visiting our website at www.farmlandstrust.org.

Feel free to share this communique with your friends, family and community colleagues.

We look forward to seeing you at Newman Farm on May 28th!

Best regards,
Board of Directors
The Farmlands Trust (Greater Victoria) Society
